

## High Tide Resources Announces Non-Brokered Private Placement

*NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES OR FOR RELEASE, PUBLICATION, DISTRIBUTION OR DISSEMINATION DIRECTLY, OR INDIRECTLY, IN WHOLE OR IN PART, IN OR INTO THE UNITED STATES*

**Toronto, ON – August 6, 2025** – High Tide Resources Corp. ("**High Tide Resources**" or the "**Company**") (**CSE: HTRC**) is pleased to announce its intention to complete a non-brokered private placement offering of up to 6,000,000 common shares of the Company (the "**Common Shares**") at a price of \$0.05 per Common Share for aggregate gross proceeds of up to \$300,000 (the "**Offering**"). The Offering may be increased by up to 25% of the size of the Offering such that the Company may issue an additional 1,500,000 Common Shares for additional gross proceeds of \$75,000.

The net proceeds from the issue and sale of the Common Shares will be used for metallurgical testwork of the Labrador West Iron Project and for general corporate and working capital purposes. It is expected that the Offering will close on or about August 22, 2025 (the "**Closing Date**") or such other date or dates that the Company may determine, subject to the receipt of all required approvals, including acceptance of the Canadian Securities Exchange (the "**CSE**"). All securities issued and issuable in connection with the Offering will be subject to a hold period of four months and one day from the Closing Date, in accordance with applicable Canadian securities laws.

The securities issued under the Offering have not been and will not be registered under the U.S. Securities Act of 1933, as amended, and were not to be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This news release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in the United States or in any other jurisdiction in which such offer, solicitation or sale would be unlawful.

### **About High Tide Resources Corp.**

High Tide is focused on and committed to the development of mineral projects critical to infrastructure development using industry best practices combined with a strong social license from local communities. High Tide owns a 100% interest in the Labrador West Iron Project which hosts a NI 43-101 Inferred iron resource of 654.9 Mt @ 28.84% Fe and is located adjacent to IOCC's Carol Lake Mine in Labrador City, NL. This resource is exposed at surface and was pit constrained for an open-pit mining scenario. The Technical Report was filed on SEDAR on April 6, 2023 and was authored by Ryan Kressall M.Sc., P. Geo, Matthew Herrington, M.Sc., P. Geo, Catharine Pelletier, P. Eng. and Jeffrey Cassoff P. Eng.

The Company also owns a 100% interest in the Lac Pegma copper-nickel-cobalt deposit located 50 kilometres southeast of Fermont, Quebec.

Further details on the Company, including a NI 43-101 technical report on the Labrador West Iron property can be found on the Company's website at [www.hightideresources.com](http://www.hightideresources.com).

### **Qualified Person**

The technical information contained in this news release has been approved by Steve Roebuck P.Geol., Director, President and Interim CEO of High Tide, who is a Qualified Person as defined in National Instrument 43-101 - *Standards of Disclosure for Mineral Projects*.

### **Cautionary Note Regarding Forward-Looking Statements:**

This news release includes certain "forward-looking statements" which are not comprised of historical facts. Forward-looking statements include estimates and statements that describe the Company's future plans, objectives or goals, including words to the effect that the Company or management expects a stated condition or result to occur. Forward-looking statements may be identified by such terms as "believes", "anticipates", "expects", "estimates", "may", "could", "would", "will", or "plan". Since forward-looking statements are based on assumptions and address future events and conditions, by their very nature they involve inherent risks and uncertainties. Although these statements are based on information currently available to the Company, the Company provides no assurance that actual results will meet management's expectations. Risks, uncertainties and other factors involved with forward-looking information could cause actual events, results, performance, prospects and opportunities to differ materially from those expressed or implied by such forward-looking information. Forward looking information in this news release includes, but is not limited to, the size of the Offering, the completion and terms of the Offering, the use of the proceeds from the Offering, the Closing Date, the Company's objectives, goals or future plans, statements, exploration results, potential mineralization, the estimation of mineral resources, exploration and mine development plans, timing of the commencement of operations and estimates of market conditions. Factors that could cause actual results to differ materially from such forward-looking information include, but are not limited to: the ability to anticipate and counteract the effects of COVID-19 pandemic on the business of the Company, including without limitation the effects of COVID-19 on the capital markets, commodity prices supply chain disruptions, restrictions on labour and workplace attendance and local and international travel, failure to receive requisite approvals in respect of the foregoing, failure to identify mineral resources, failure to convert estimated mineral resources to reserves, the inability to complete a feasibility study which recommends a production decision, the preliminary nature of metallurgical test

results, delays in obtaining or failures to obtain required governmental, environmental or other project approvals, political risks, inability to fulfill the duty to accommodate First Nations and other indigenous peoples, uncertainties relating to the availability and costs of financing needed in the future, changes in equity markets, inflation, changes in exchange rates, fluctuations in commodity prices, delays in the development of projects, capital and operating costs varying significantly from estimates and the other risks involved in the mineral exploration and development industry, and those risks set out in the Company's public documents filed on SEDAR. Although the Company believes that the assumptions and factors used in preparing the forward-looking information in this news release are reasonable, undue reliance should not be placed on such information, which only applies as of the date of this news release, and no assurance can be given that such events will occur in the disclosed time frames or at all. The Company disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, other than as required by law.

The Canadian Securities Exchange does not accept responsibility for the adequacy or accuracy of this news release.
